

<p><b>SUMMARY OF WORK ON INTERSTATES AND MAJOR ROUTES DISTRICT IV</b></p>
---

<u>ROUTE</u>	<u>TOWN</u>	<u>PROJ. NO.</u>	<u>LOCATION</u>

## **DISTRICT IV**

**SEPTEMBER 24, 2006 to SEPTEMBER 30, 2006**

**CANTON (023-116) Est. Comp. – October, 2006**

Reconstruction of Bridge 04056 (Route 44 over Cherry Brook) and intersection improvements on Route 44/Route 179/Route 202. Existing traffic will be maintained between the hours of 6:00 AM to 9:00 AM and 4:00 PM to 6:00 PM, Monday through Friday.

Alternating one-way traffic may be encountered at all other times. Expect delays.

**DANBURY (034-315) Est. Comp. – September, 2007**

Reconstruction of U.S. Route 7 in Danbury and Ridgefield will continue. The project will widen Route 7 to two lanes in each direction from the intersection of Route 35 and Route 7 to just north of Starrs Plain Road. Existing traffic will be maintained Monday through Friday between the hours of 7:00 AM to 9:00 AM and 3:00 PM to 6:00 PM and on Saturday and Sunday from 10:00 AM to 9:00 PM.

Motorists may experience alternating one-way traffic at night.

Starting Monday, March 27, 2006, all traffic lanes will be shifted to the east side of the existing pavement on Route 7 from just north of the Route 35 intersections to West Starr Plain Road, until further notice.

**FARMINGTON (051-252/254) Est. Comp. – October, 2006**

Reconstruction of River Road and Multi-Use Trail.

A detour will be in place 24 hours a day until the end of August 2005 for though traffic. Motorists traveling north on River Road will use Webster Street to Route 177. Traffic traveling south on River Road should go east on Route 4, south on Route 177 and west on Webster Street. River Road will be open for local traffic.

**FARMINGTON (051-255) Est. Comp. – December, 2006**

Installation of traffic control signals on Route 4 from Monteith Drive to Main Street. Motorists may experience minor delays between the hours of 9:00 AM to 3:00 PM, Monday through Friday.

**GRANBY (055-130) Est. Comp. – November, 2006**

Reconstruction of Route 20 and the Bridge over Salmon Brook.

Motorists utilizing Route 20 may experience minor delays between the hours of 9:00 AM to 2:00 PM, Monday through Friday. In addition, Canal Road will be closed to traffic. Motorists should utilize the posted detour.

**HARWINTON (065-104) Est. Comp. – April, 2007**

Rehabilitation of Bridge No. 1847 over Leadmine Brook on Route 222.

Alternating one way traffic will be controlled by temporary signalization, 24 hours a day, 7 days a week.

**NEW MILFORD (095-220/226/227/240) Est. Comp. – October, 2006**

Work will continue to widen Route 7 from Bridge Street to the new Still River Drive in the town of New Milford. Motorists can expect one lane of traffic in each direction from Bridge Street to Pickett District Road. Alternating one-way traffic may be encountered between the hours of 9:00 PM to 6:00 AM, Monday through Friday.

**NEW MILFORD (095-219/228/229/230/243) Est. Comp. – November, 2007**

Work will continue on widening Route 7 from the Brookfield town line to just north of Still River Drive in the town of New Milford. Motorists can expect one lane of traffic in each direction from 6:00 AM to 9:00 PM and alternating one-way traffic from 9:00 PM to 6:00 AM, Monday through Friday.

**SHERMAN (127-087) Est. Comp. – November, 2006**

Work will continue on the replacement of Bridge #02289, Route 39 over the Naromiyocknowhusunkattankshunk Brook, in the Town of Sherman. Alternating one way traffic will be controlled by temporary signalization, 24 hours a day, 7 days a week.

**SOUTHBURY (130-169) Est. Comp. – November, 2006**

Work will continue on repair work on Bridge No. 1152 and 1153, I-84 over Peter Road in the Town of Southbury. This work will require the total closure of Peter Road in the vicinity of the work site. Detour routes will be posted. Delays can be expected.

**WATERBURY (151-278/286/287) Est. Comp. – May, 2008**

Waterbury Area Incident Management System in Waterbury and Naugatuck. This project will include work on Route 84 eastbound and westbound between exit 17 and exit 22 in Waterbury and on Route 8 northbound and southbound between exit 28 in Naugatuck and exit 36 in Waterbury. Motorists should expect shoulder and lane closures at various locations.

**WATERBURY (151-290/291) Est. Comp. – May, 2007**

Highway Signing and Repair of Overhead Sign Supports on I-84 and Route 8. Installation of Sign Foundations on Route 8 northbound and southbound between Exits 38 and 32 and I-84 northbound and southbound between Exits 13 and 22. Motorists should expect shoulder closures at various locations.

**WATERBURY (151-298) Est. Comp. – November, 2006**

West Main Street is being reconstructed from 1200 feet southwest of the intersection of Robbins Street to 600 feet northeast of the intersection with Robbins Street. This project also involves reconstruction of Park Road and Robbins Street intersection with West Main Street. Existing traffic will be maintained between the hours of 6:00 AM to 9:00 AM, and 3:00 PM to 6:00 PM, Monday through Friday. Alternating one-way traffic may be encountered at other times. Expect delays.

**WEST HARTFORD (155-153) Est. Comp. – October, 2006**

Installation of traffic control signals on Route 44 and Route 218. Motorists may experience minor delays between the hours of 9:00 AM to 3:00 PM, Monday through Friday.

**VARIOUS LOCATIONS (174-314) Est. Comp. – October, 2006**

Culvert rehabilitation over Northfield Brook. Work will continue on Route 254 from South Main Street Thomaston to Main Street / Knife Shoppe Road intersection in Northfield.

**CORNWALL (170-2113) Est. Comp. – October, 2006**

Scour mitigation at the bridge on Route 128 over Mill Brook. Motorists should expect alternating one way traffic between the hours of 9:00 a.m. and 3:00 p.m. Monday through Friday.
